First of all I would like to thank so many people for making Jamie's Place happen. For starters, I would like to thank my family and friends who believed in me and helped me get started. Second of all thank you to all of the community for their support and to all of my customers and future customers. My parents have been a big help. They raised me to be a hard worker and believed in me. To my dad for all the hard work he put into the building, his love and support. To my mom for coming down when I need her to work, her love, prayers and support. I couldn't ask for better parents. To my sisters for their continuous love, support and helping me out. So thankful for my husband Kaden for his love, support and helping with whatever needs done. Also my son's Hunter Bruns, Graysen Thieman and A.J. Thieman, who I love more than anything. Old friends and new friends whom I have met. There are ones whom I just can't thank enough. Ones who helped me get started and ones who continue to support me, believe in me and love me. To all my employees for their hard work and understanding. Thank you to all the local businesses and to the Holden School District for their support. I couldn't have done this adventure without the support and love of family and friends. My customers are what makes Jamie's Place going. So thank you. I enjoy all the wonderful people I have met since I have opened and hope to meet many more. There are certain people who just go beyond that extra mile for me and I don't know how I could ever repay them. So let me tell you all that saying thank you just isn't enough. From the bottom of my heart, Thank You!

I try to provide the best for my customers and I know that sometimes we fall a little short and I apologize for that. Please know that if you are not completely satisfied I would like to know so I can make things better for you. Also if we are busy when you come in please note that it may take a little longer to get your food out to you. We are working as fast as we can to serve you.

Thank you,

Jamie Thieman
